THIS IS YOUR FIRST SCREEN

This is your second screen

Touch this to get your current assignments.

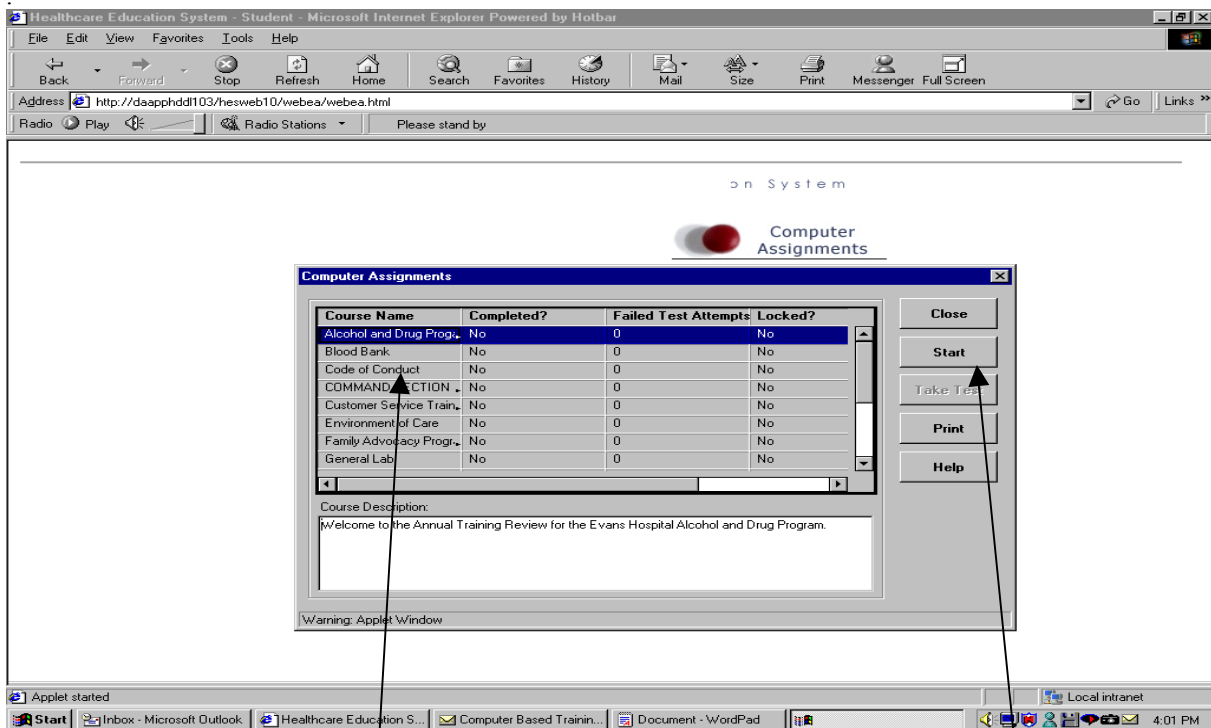

Touch this to get your training record. All training you have done on-line

Once you completed all your training you will touch this to review any classes you want. (No credit is given on these classes.)

Touch this to change your password at any time.

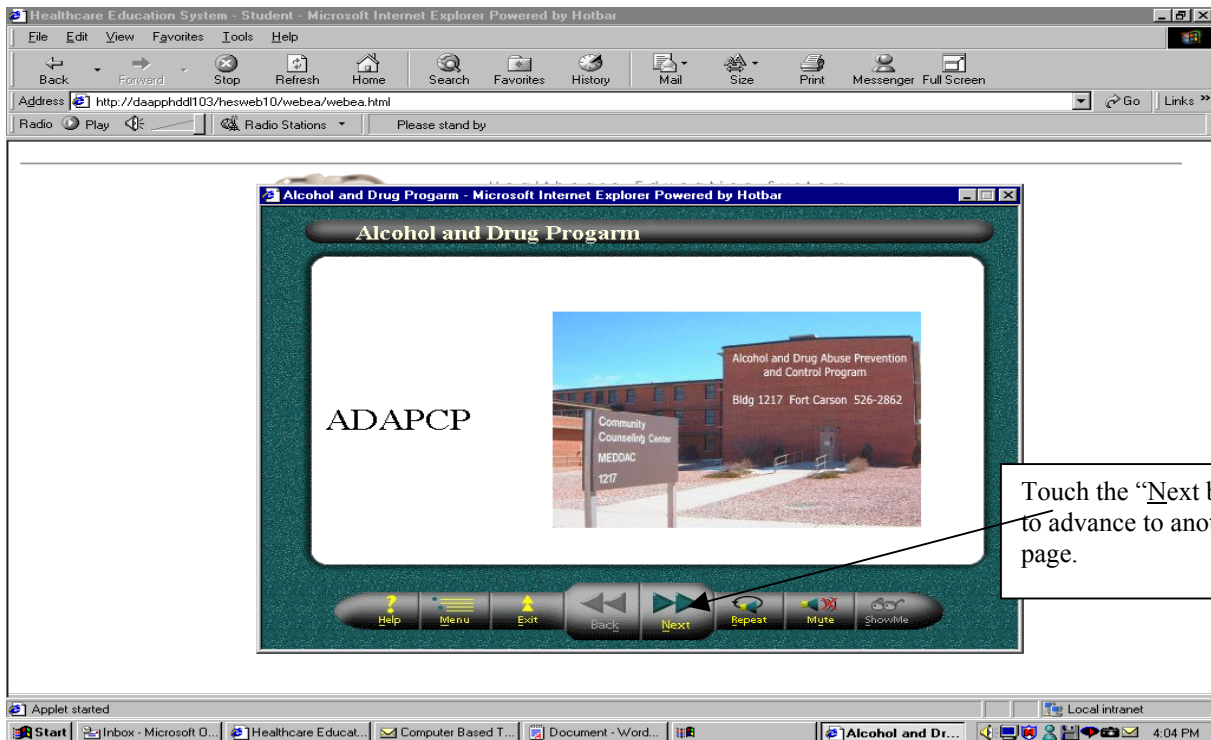

Touch this to log-out, it will now be ready for someone else to use Birth Month on-line.

This is your third screen

Touch on any class you want to take, (it will be highlighted).
Once you have a class highlighted, touch the "Start" button.

When you have finished a module and have taken the test for that module, the module you highlighted will disappear from this menu window. When you have taken all the modules that are assigned to you this window will be empty. All classes you have done are recorded in your student record. Go to "Student Record" icon and print out your records so you can place in your competency folder.

This is what on-line class's look like. (You can do these classes online at home by touching on this URL. It will direct you to Evans home page: <http://evans.amedd.army.mil/>)

Use the back, and next (double arrow) buttons on the menu bar to move through the modules. You have a menu button, exit button, and sound button on the handle at the bottom of the screen. You can bookmark your class if you have to leave. Hit the exit button and it will ask you if you want to bookmark. If you say yes, you will start on the page you marked when you log back on. If you say no, you will start at the beginning of the module. Any questions call SFC Greeder or SFC Ricks at 526-9160, or 526-7024.
